YU-2100 P3-4
 URBAN HARMONY

由 YU
多 TA
加 KA

The history of "TOLI" originated with the production and distribution of "YUTAKA-ORI" back in 1889. "YUTAKA-ORI" was the elaborate designed plain-woven rug using rice straw. It was exported to overseas as a valuable handicraft at the time, which had greatly contributed to the economic growth of modern Japan.

Since then, "YUTAKA" is a significant name to us, which stands for "Origin", "Tradition", and "Pride" of TOLI Corporation.

After more than one century from that era, "YUTAKA" has been revived as the carpet tile product "YUTAKA collection".

We TOLI Corporation have persisted in "manufacturing" over a century, and all our technologies are condensed in this "YUTAKA collection".

We believe TOLI carpet tile "YUTAKA collection" will definitely contribute to the creation of sophisticated spaces.

YUTAKA2000

YUTAKA 2000 is a design-oriented modular carpet.

YU-2100 "URBAN HARMONY", featured by its high-quality deep striped pattern, harmonizes well with stylish furniture, and creates a high-end urban office space. YU-2200 "NATURE CRESCENDO" has vibrant gradation inspired by expressive nature. Beautiful colors symbolizing ocean, forest, and ground will stand out more in spacious areas. YU-2300 "EARTH RHYME" owns refined pattern made by overlapping many lattice designs. Earth-look texture will create a unique rhythmic floor image, just like a rhyme.

Stylish office space and elegant hospitality atmosphere can be effectively created by YUTAKA 2000.

YU-2200 P5-6 NATURE CRESCENDO

YU-2300 P7-8 EARTH RHYME

YU2101 / YU2102 / YU2105 / YU2110

High-quality deep striped pattern made by elaborate mixture of differently-dyed multiple yarns. It harmonizes well with stylish furniture, and creates a high-end urban office space.

Quarter Turn

Composition	surface	BCF Nylon100% (type 6.6)
	dye method	Piece Dyed
	stain protection	Stain Release (Antifouling Finished)
	base fabric	Nonwoven Polyester
	backing	PVC and Glass Fiber
Specification	size	500mm × 500mm × 7.3mm
	pile height	H5.0mm/L3.5mm (textured loop pile)
	gauge & stitches	1/10th gauge, 11.5 stitches/inch
Packing & Net Weight	16pcs/box=4m ² /box (19.5kg/box)	
CRI Green Label Plus Certification	GLP9978	
Performance	Electrostatic Propensity	0.06kv (AATCC 134)
	Critical Radiant Flux	Class 2 Average CRF 0.22/cm ² or higher (ASTM E648)
	Smoke Density	Less than 450 (ASTM E662)
	Surface Flammability	Passes CPSC FF 1-70 (ASTM D2859)
	Dimensional Stability	Less than 0.1% change (ASTM D7570)
	Tuft Bind	9.1 Lbs. (ASTM D1335)
	Delamination Strength	5.7 Lbs/inch (ASTM D3936)
	Colorfastness to Light	Rating 5.0 = No Change (AATCC 16)
Area of Use	Commercial heavy duty area	

● Cushion-backing option "SOFT BACK PLUS" is also available.
For more information, please contact TOLI sales rep.

YUTAKA 1000 SERIES

YUTAKA 1000 is an easy-to-use modular carpet with the classic linear pattern.

YU-1100, inspired by Japanese traditional "Shima Moyo", will create a basic modern space in quarter turn installation.

YU-1200, where stripes are more blended in with the base, can be well coordinated and convey more chic feeling.

YU-1300, characterized by its vivid pinstripes on the charcoal base, will produce an expressive floor image.

As the standard product for office and corporate segment, YUTAKA 1000 is well received in many projects.

YU-1300

Stain Release (Antifouling Finished)

TOLI nylon carpet tile products have Stain Release property by fluoridation. Because of its antifouling effect, stains are not easily stuck to the surface and a good appearance can last. It also shows an excellent water & oil repellent performance. Even if water or oil is spilt, the surface of the tiles will repel them. Once you wipe them off, the stain cannot be left.

Results of Water-Repellent Testing

(a) Carpet Tile with Stain Release

(b) Carpet Tile without Stain Release

On the carpet tile without Stain Release (b), the fluid will promptly sink into the surface, but the carpet tile with Stain Release (a) shows excellent repelling performance.

Notes on Installation

- ◆ Apply the adhesive on the whole surface of the sub-floor thinly and evenly. After drying, when the adhesive becomes translucent, install the tiles. Be careful not to put the tiles too tightly.
- ◆ The stripes differ in position on a tile-by-tile basis so that they will not be exactly connected between the tiles (please refer to the installation image).
- ◆ In Quarter Turn installation, sometimes the crossover point of joints may appear to be misaligned. That is an optical illusion, not a manufacturing defect.

Recommended Adhesive from TOLI

TOLI ECO GA Cement

(required quantity)

for steel or plastic sub-floor : 40 to 60 gram/m²

for mortar and wood sub-floor : 60 to 100 gram/m²

Storage

When you store the products, do not pile up more than 6 boxes for a better preservation.

Others

Please note that the product has the indigenous odor from its materials.

Function Marks

Stain-Resistant

Flame-Retardant

Antistatic
